## I. Introduction

The Virginia Department of Criminal Justice Services (DCJS) is accepting applications for the 2025 Byrne State Crisis Intervention Program (SCIP) Grant. The awards will be for competitive grants, which will begin September 1, 2025. The goal of this funding initiative is to provide applicants with an opportunity to increase program capacity, program acceptance rates, and graduation rates for recovery courts, behavioral health dockets, and veterans treatment dockets (specialty dockets).

Applicants should focus on planning, implementing, and/or enhancing specialty dockets by examining programmatic needs, such as evidence-based curricula, staff training and development, and other treatment resources. Hiring of full-time program staff is discouraged due to the limited grant period.

**Planning and implementation** grants allow localities time to develop interdisciplinary teams to best structure a specialty docket for their locality, receive specialty docket training from the Office of the Executive Secretary (OES) of the Supreme Court of Virginia, Specialty Dockets Division of the Department of Judicial Services, and submit a specialty docket application to OES. It further allows localities time to begin the docket implementation process.

**Implementation and enhancement** grants allow localities that have already gone through the planning phase of developing a specialty docket an opportunity to implement the program. For specialty dockets that are already approved by OES and operating, it is an opportunity to expand or enhance the program. This could be through increased capacity in participants and/or the treatment services provided.

Applicants will need a letter of support from the Office of the Executive Secretary (OES) of the Supreme Court of Virginia, Specialty Dockets Division of the Department of Judicial Services.

### A. Grant Period

The grant period is 22-months, September 1, 2025, through June 30, 2027.

### B. Funding Source

Funding for this grant program is made available from the federal Byrne State Crisis Intervention Program (SCIP) from the Department of Justice (DOJ), Office of Justice Programs (OJP), Bureau of Justice Assistance (BJA). The federal Byrne SCIP grant award for this grant period is 15PBJA-23-GG-00037-BSCI.

### C. Authority, Funding Purpose, and Priority Areas

The purpose of this grant program is to implement state crisis intervention court proceedings and related programs or initiatives, including recovery courts, behavioral health dockets, and veterans treatment dockets to reduce violence and strengthen communities. Priority will be given to localities that do not have any existing specialty dockets.

#### **D. Amount Available**

The amount available under this funding opportunity is \$4,601,116. Applicants may request up to \$150,000 for the 22-month period.

Award amounts for all categories are contingent upon the availability of funding, thoroughness of application, previous planning activities, program performance, and compliance with grant requirements.

#### **E. Match**

Recipients of these funds are not required to provide matching funds under this funding opportunity.

#### **F. Disbursement of Funds**

Disbursement of funds will occur on a cost-reimbursement basis for actual funds expended through a “claim” process. Actual expenditures must be reported quarterly and invoiced pursuant to approved line-item budget categories in the approved grant application. Subgrantees will only be reimbursed for costs that have been incurred within the grant period, and which are reported on the detail of expenditures (financial report). Grant funds, including matching funds, may only be expended and/or obligated during the grant period. A final claim for all obligations must be submitted within 45 days after the end of the grant period. Claims and financial reports must be submitted through the DCJS On-line Grant Management System (OGMS).

For Byrne SCIP awards, disbursement of funds does not need to occur consistently over the course of the grant period. For example, it is acceptable for a program to spend less funding on planning during the first portion of the grant period and more funding on implementation later in the grant period. It is also acceptable for a program to spend more in the first portion of the grant period on new curricula and staff training and less later in the grant period.

## **II. Applicant Eligibility Requirements**

This funding opportunity is open to local governments that provide, or plan to provide, recovery courts, behavioral health dockets, or veterans treatment dockets. To be eligible for funding under this grant program, organizations:

## VI. Restrictions and Limitations

### A. Non supplantation

This funding opportunity is supported with federal funds. Federal funds must be used to supplement existing state and local funds for program activities and must not supplant (replace) those funds that have been appropriated for the same purpose. Additionally, requests for “new” staff positions must be justified, must not supplant state or local funds, and must result in significant additional service delivery.

### B. Non-allowable expenses

Byrne SCIP grant recipients may not use these grant funds to pay for

1. Any portion of salary for the time not dedicated to approved, grant funded activities.
2. Capital construction, renovation, remodeling, or land acquisition.
3. The purchase or lease of any vehicles.
4. Firearms, ammunition, or related equipment.
5. Lobbying or political contributions.
6. Honoraria.
7. Personal entertainment, personal calls, or alcohol.
8. Prizes, rewards, entertainment, trinkets (or any type of monetary incentive).
9. Client stipends.
10. Gift cards.
11. Food and beverage.

Bonuses and raises may be allowable if they are approved as part of a locality’s compensation plan or approved by the Board of Directors of a non-profit organization.

Overtime pay may be allowable if it is part of the organization's compensation plan and necessary for the completion of grant approved activities.

## **VII. Availability of Continuation Funding**

Awarded projects may receive additional awards in subsequent years if funding is available and if the awarded program remains in good status. A program in "good status" means all claims and status reports for the current grant are no more than 30 days overdue (not withstanding an approved reporting extension), all encumbrances (if applicable) have been met, and there are no outstanding compliance matters.

## **VIII. Application Review Process**

This is a competitive grant application process. Applications will be reviewed, evaluated, and scored based on adherence to these grant guidelines, and the clarity, substance, and strength of the request made for funding.

Reviewers may consider current and past performance, project progress and implementation, demonstrated need, geographic location, budget justification, program design and services provided, sustainability, cost effectiveness of proposed projects, adherence to grant guidelines, and the availability of funds.

Each application can earn a maximum score of 100 points. The primary grant program elements are evaluated based on ratings of Excellent, Acceptable, Marginal, or Unacceptable. Points that can be awarded for each primary grant program element are:

- ☐ Itemized Budget (10%) 0–10 points
- ☐ Budget Narrative (20%) 0–20 points
- ☐ Needs Justification (20%) 0–20 points
- ☐ Project Description (20%) 0–20 points
- ☐ Goals and Objectives (30%) 0–30 points

Bonus points will be added for programs serving localities that do not currently have any specialty dockets (5 points).

Current DCJS grant recipients will not be considered for funding if, as of the application due date, any of the required claims, financial reports (detail of expenditure reports in OGMS) or progress reports (status reports in OGMS) for the current grant are more than 30 days overdue. DCJS may waive this provision for good cause, which may be submitted via a budget amendment reporting extension in OGMS.

The Criminal Justice Services Board (CJSB) is expected to make award determinations at its meeting in June 2025. Award determinations are final and may not be appealed. In addition, subawards must be approved by the Bureau of Justice Assistance (BJA) prior to award.

DCJS will issue grant awards based on approval from the CJSB and BJA. Fiscal and/or programmatic revisions may be required as a condition of funding; such revisions must be submitted in OGMS prior to project initiation.

## **B. Budget Summary Form (in OGMS)**

Report the amount of funds requested by category: Personnel, Fringe Benefits, Consultants, Travel, Subsistence and Other Travel, Equipment, Supplies and Other Expenses, and Indirect Costs. Funding reported on the grid should represent the whole grant period. Round all amounts to the nearest dollar.

Funding for this grant program comes from federal funds, place requests for funding under the *Federal* column.

Each budget line must correspond to the itemized budget forms. Prior to submitting the application, please ensure that each itemized budget form aligns with the total amount requested on the budget grid.

**Funds from Other Sources:** Enter all funds from other sources that support the specialty court program. If the proposed project will generate program income, enter the anticipated amount of program income that will be earned and explain how these funds will be used to support the grant project. Do not report these funds as "match."

## **C. Project Narrative**

This is a competitive grant application. The project narrative should be completed and attached to the application in OGMS to allow applicants the space needed to provide complete demonstration of need, project description, service area demographics and target population, and sustainment plan. Project narratives should not exceed 10 pages.

### **Demonstration of Need**

Provide a description of the needs or issues that this grant project will address. Describe the existing resources and services (regardless of funding source) that are available to address the identified problems and explain why these grant funds are needed to address the needs.

### **Project Description**

**Planning and implementation** applicants should describe the planning activities that will take place in the initial period of funding to include the creation of a

planning committee, description of committee member roles, participating and collaborating agencies, and a timeline of planning activities. They should include any information they have regarding moving forward with implementation.

**Implementation and enhancement** applicants should demonstrate program readiness to assess and accept participants into a specialty docket. Applicants should fully describe program structure, team members, program services, and partnerships.

### **Service Area Demographic/Target Population**

Provide a description of the service area demographics and target population to be served by the specialty docket. For **implementation and enhancement** applicants, this section should also include participant eligibility, the way(s) individuals are accepted into the program, and the number of individuals the program anticipates serving per year.

### **Sustainment Plan**

- **Planning and implementation** grant applicants should include how they will keep partners engaged in the planning process and move forward with implementation.
- **Implementation and enhancement** grant applicants should include the way the organization will fund programs post-Byrne SCIP funding, community resources that will enhance program outcomes, and process for data collection.
- All applicants should provide a list of proposed or finalized cooperative agreements and/or memorandums of understanding related to the collaborative efforts of the specialty dockets. Include the date the agreement was signed or proposed start date. It is preferred that all listed agreements be dated within the last three years. If funded, the agency may be asked to supply copies of these agreements.

## **D. Goals and Objectives Form (in OGMS)**

All applicants must complete project-specific Goals and Objectives. This section is worth 20% of the applicant's score. Awarded applicants will report on the status of their goals and objectives quarterly. Goals and objectives must be reflective of the work anticipated to occur in the grant period with awarded funds. Each goal must have two to three objectives. Each objective must be "SMART," meaning they must be specific, measurable (i.e. qualifiable), action-oriented, realistic, and time-based. Additionally, objectives must be directly related to one or more items requested in the grant proposal budget.

**Implementation and enhancement** applicants must identify three goals focused on improved programming, such as increasing program capacity, increasing program acceptance, and increasing graduation rates.

## E. Itemized Budget Form

In OGMS, complete an itemized budget form for each section for which funding is requested. Total amounts on each itemized budget form must match amounts listed on the applicant's budget grid. **Amounts requested should be for the entire 22-month grant period.**

Requirements:

- All items requested in each budget form must be allowable, reasonable, and justifiable.
- For all items under item justification, explain how the item is needed to support this grant project and the goals and objectives of the grant.
- All items must include a basis of computation in the description of the item and an explanation of how the requested cost was determined.
- At the bottom of each itemized budget form, the applicant must identify the funding source for the budgetary items. Allocate all expenses under federal funds.
- For all items, the applicant must indicate in the description whether the item is used exclusively for the proposed project. Items that are not used exclusively for the project must be prorated, and the applicant must include an explanation of how the items were prorated.
  1. Prorating means the request for funding is proportional to the use of each item for this grant program.
  2. If an item is used exclusively for this proposed project, prorating is not needed. If the item is used to support other projects in the agency, prorating is needed.
  3. How to prorate.
    - a. Proration Based on Budget: If your request for funding is 15% of your total operating budget, you can prorate items that are not used exclusively for this proposed project by 15%.
    - b. Proration Based on grant funded staff: If your staff is funded 50% by this grant, you can prorate this person's computer, office supplies, office furniture or other assigned items by 50%.

### 1. Personnel and Employee Fringe Benefits Itemized Budget Form (If no personnel are funded by this project use \$0.00 on the budget grid.)

Funding full-time staff is discouraged under this funding opportunity due to the limited grant period. This section applies to all employees and volunteers supported by any funds associated with this project. Staff time that is supported by grant funds may only be spent on approved grant activities. Each item should reflect expenditures for a 22-month grant period.

- a. Indicate if personnel costs are included in your budget – yes or no. If “yes” under “Personnel” enter the employee's name (or vacant), position title, if it is full time or part time, the total hours per week worked, the total hours per year, the total annual salary (regardless of funding source), and the **total amount** requested under the grant.

*For example, if employee works 40 hours per week, for 2,080 hours a year at an annual rate of \$50,000, the total amount requested would be \$91,667 for a 22-month implementation grant period.*

All requested amounts must be reasonable given the complexity of work, and consistent with the applicant's staff compensation plan. If you are requesting funding for a position that provides services outside of these grant activities, pro-rate your request to only include time spent on this grant project.

- b. Under "Employee Fringe Benefits" select the employee's name and enter the fringe benefit costs (FICA, Retirement, Group Life, Health Insurance, Workers' Compensation, Unemployment, Disability, and other). If you are unable to enter the fringe benefits for individual employees, create an employee named "Fringe Benefit" and enter the aggregate amounts for each fringe benefit but enter zero for the salary. If you elect this process, leave the fringe amounts for each individual employee at zero.
- c. Under the Positions and Justification, select the employee's name and enter in the description of position (maximum of 500 characters) and justification for position (maximum of 500 characters) for each item.

Under Description, describe grant-related duties performed (do not list job duties that are not under this grant), how the position was prorated, and provide basis of computation for salary and fringe benefits.

Under Justification, explain how the position is essential to the goals in the proposed project and justify the rate of compensation by providing assurance that the rate is approved by the Board of Directors or aligned with the locality compensation plan, and similar to other positions in the geographic area that perform similar work.

- d. Attach a job description for each position for which funding is being requested in the attachment section of the OGMS application.

**2. Consultants Form** (If no consultants are funded by this project use \$0.00 on the budget grid.)

Services provided by a third party, regardless of whether there is a contract in place, should go under consultants; for example, treatment providers, peer recovery specialists, training facilitators, consulting firms, employment agencies, interpreters, translation services, property management, daycare providers, etc. Each item should reflect expenditures for a 22-month grant period.

Do not include membership fees in consultants. Membership fees must be placed in supplies and other expenses, and they must be in the name of the applicant organization, rather than an individual.

- a. Indicate if consultants or consultant subsistence and travel costs are included in your budget – yes or no. If "yes" under "Consultant" and

“Consultant Subsistence (lodging + meals) & Travel” enter the information required and the amounts under the funding source(s) as appropriate.

- b. For individuals reimbursed for personal services on a fee basis: Enter each type of consultant or service (with numbers in each category and names of consultants when available), the proposed daily fee rate, and the amount of time to be devoted to such services. The rate of compensation for individual consultants must be reasonable and consistent with that paid for similar services in the marketplace; however, the rate may not exceed \$650.00 per day (\$81.25 per hour, exclusive of travel and/or subsistence), and may not exceed the consultant’s usual and customary fee.
- c. For organizations, including professional associations and educational institutions, performing professional services: Enter the type of services being performed and estimated contract prices. Requests for contracted services and consultants will be very carefully screened. Consultant and contracting fees will be approved only when it is justified that the use of outside contract agencies and consultants will significantly and permanently enhance project effectiveness.
- d. Consultant Travel and Subsistence: This is generally not allowable unless it is necessary, reasonable, and justified. Reimbursable costs must adhere to the recipient’s established travel policy.
- e. Under the Description and Justification, select the name of the consultant and enter in the description of consultant’s role (maximum of 500 characters) and justification for use of consultant (maximum of 500 characters). Include a description of each service contracted for, the number of clients benefiting from each type of service, and total budgeted amount for each service and a per client/group cost. Applicants are encouraged to attach supporting documentation to justify the request.

**3. Travel Form** (If no travel is funded by this project use \$0.00 on the budget grid.)

The OGMS travel form is for mileage only. Mileage reimbursement must be for staff or volunteers of this grant project to assist them with meeting the goals of the grant. Mileage is separated in this grant solicitation because many programs have differing mileage rates for local and non-local mileage. **Local mileage** is considered travel within the immediate service area (satellite offices, court, meetings, etc.). **Non-local mileage** is outside of the immediate service area (trainings, conferences, meetings, etc.). Each item should reflect expenditures for a 22-month grant period.

- a. Indicate if travel (mileage) costs are included in your budget – yes or no. If “yes” under “Local Mileage” or “Non-local mileage” enter the number of miles and the mileage rate.
- b. Itemize total travel expenses of program personnel by local mileage and non-local mileage. Unless a local policy governs, mileage is reimbursed at the federal rate ([www.irs.gov/tax-professionals/standard-mileage-rates](http://www.irs.gov/tax-professionals/standard-mileage-rates)). Local mileage is travel within the immediate service area (satellite offices,

court, meetings, etc.). Non-local mileage is outside of the immediate service area (trainings, conferences, meetings, etc.).

- c. Under the Description and Justification, select the mileage being requested and enter in the description of mileage (maximum of 500 characters) and justification for mileage (maximum of 500 characters) for each item. If local travel policy differs from the federal/state travel policy, please provide or describe the policy in the justification. State in the description whether the request is based on the federal/state travel policy or the agency's policy.

**4. Subsistence and Other Travel Costs Form** (If not funded by this project use \$0.00 on the budget grid.)

Subsistence and other travel costs must be for staff, volunteers, partners, or team members of this grant project to assist them with meeting the goals of the grant. Each item should reflect expenditures for a 22-month grant period.

- a. Indicate if subsistence and other travel costs are included in your budget – yes or no. If “yes” under “Subsistence” enter the event title, under “Lodging” enter the number of rooms required, number of nights and rate cost and under “Meals” enter the number of people, number of days, and the per diem rate.
- b. Recipients must follow the federal per diem rates ([www.gsa.gov/travel/plan-book/per-diem-rates](http://www.gsa.gov/travel/plan-book/per-diem-rates)) unless there is a written local travel policy. Transportation costs, such as air and rail fares, are at coach rates. Subsistence is paid according to a per diem rate.
- c. Under Other Travel Costs, enter the event title, number of people attending, number of trips with airfare, the rate, and other travel costs.
- d. Under the Description and Justification, select the event item being requested and enter in the description of costs (maximum of 500 characters) and justification for costs (maximum of 500 characters) for each item. If local travel policy differs from the federal/state travel policy, please provide or describe the policy in the justification. State in the description whether the request is based on the federal/state travel policy or the agency's policy.

**5. Equipment Form** (If no equipment is funded by this project use \$0.00 on the budget grid.)

Grant funds may be used to purchase equipment needed to meet the goals of the grant. Grant funded equipment must be tracked, managed, and disposed of in a manner consistent with the subrecipient's policies and the [DOJ Financial Guide](#). Each item should reflect expenditures for a 22-month grant period.

- a. Equipment means tangible personal property (including information technology systems) having 1) a useful life of more than one year and 2)

a per-unit acquisition cost of \$5,000 or greater (or the organization's capitalization policy, if it is less than \$5,000). If the organization does not have a capitalization policy in place, the amount of \$5,000 must be followed.

- b. Indicate if equipment is included in your budget – yes or no. If “yes” enter the item requested, the cost per item or monthly rate, and the total number of items or months for each item.
- c. Under the Description and Justification, select the equipment item being requested and enter in the description (maximum of 500 characters) and justification (maximum of 500 characters) for each item.

Under Description, provide the basis of computation for the requested amount and explain how the item is prorated to its support of the grant project. Provide an explanation of how the amount being requested is reasonable. Grant reviewers will want to know whether the cost of the item is typical for similar items. Explain how you determined the cost of an item, for example, you received a quote from a vendor. Attach applicable documentation of estimated cost.

Under Justification, explain how the item is essential to the goals in the proposed project. If equipment is requested to replace outdated or “old” equipment, briefly describe why replacement is necessary and when the “old” equipment was acquired.

**6. Supplies and Other Expenses** (If not funded by this project use \$0.00 on the budget grid.)

Supplies are all other items of tangible personal property that are not equipment. This includes computing devices that cost less than \$5,000 per unit (or the organization's capitalization threshold, if that is less than \$5,000). Supplies and Other Expenses include, but are not limited to, the following: treatment curricula, training registration, emergency/stability supplies or services, drug testing supplies, office supplies, postage, telephone services, cell phone services, equipment maintenance, internet provider contracts, membership fees, and printing projects. All computers purchased with DCJS grant funds must be equipped with updated anti-virus protection software. Each item should reflect expenditures for a 22-month grant period.

All costs must be itemized within this category by major types e.g., office supplies, equipment use fees (which must be supported by usage logs), printing, postage, telecommunications. If the item includes more than one component, identify subcomponents under Description.

- a. Indicate if supplies and other expenses is included in your budget – yes or no. If “yes” enter the item requested, the cost per item or monthly rate, and the total number of items or months for each item.
- b. Under the Description and Justification, select the supply or item being requested and enter in the description (maximum of 500 characters) and

justification (maximum of 500 characters) for each item. Under Description, explain what the item is and provide a basis of computation that explains how the total cost of the item was determined. Under Justification, explain why the item is needed to meet the goals of the grant. If the item is replacing an older item, include the age of the older item and explain why it must be replaced.

Also under Description, explain whether the item is for exclusive use of this grant project. Grant funds cannot support the entire cost of an item that is not used for activities solely related to this grant program; however, grant funds can support a prorated share of such an item. Prorating calculations must be provided under Description.

Applicants are encouraged to limit computer purchase requests to \$1,500 per workstation.

Membership fees should be requested under this category. Grant funds may support a maximum of three memberships per year. Memberships must be in the name of the organization, not an individual. Under Description, describe the organization or association, membership rate, and the benefits the applicant will receive with membership. Under Justification, explain how the membership is essential to the goals in the proposed project.

**7. Indirect Costs** (If no indirect costs are funded by this project use \$0.00 on the budget grid.)

Indirect costs are allowable under this grant program but not required. Indirect costs are costs of an organization that are not readily assignable to a particular project but are necessary to the operation of the organization and the performance of the project. Indirect costs are those that benefit more than one activity and are common or joint purpose costs. For example, costs of an office manager or receptionist position that answers general phone calls and greets clients are considered indirect costs. Each item should reflect expenditures for a 22-month grant period.

Indirect costs requested may only be used for allowable purposes. For example, the applicant cannot use indirect costs to support lobbying activities as lobbying is an unallowable cost under this grant program.

The salaries of administrative and clerical staff should generally be treated as indirect costs. Salaries of administrative and clerical staff may be appropriate to include as direct costs only if all the following conditions are met:

1. Administrative or clerical services are integral to the grant project or activity.
2. Individuals involved can be specifically identified with the grant project or activity.

3. Such costs are explicitly included in the budget or have the prior written approval of the awarding agency.
4. The costs are not also recovered as indirect costs on the proposed project or other grant programs.

### **Requesting Indirect Costs:**

- a. Indicate if indirect costs are included in your budget – yes or no.
- b. Determine the indirect costs rate that will be used for this grant program. Applicants have two rate options.
  1. Applicants may have a negotiated indirect cost rate agreement (NICRA). To use a NICRA, the applicant must attach a current, signed, federally approved (or DCJS approved) indirect cost rate agreement. Applicants may apply with a provisional rate; however, if their final rate is lower, they will need to pay back the difference in any funds paid out with the higher rate.
  2. Applicants without a current NICRA may elect to use the de minimis rate of 15%.
- c. Complete the OGMS de minimis rate certification. If the applicant will use the de minimis rate of 15%, answer “yes.” If the applicant will use a NICRA, answer “no.” This certification must be signed by the Project Administrator.
- d. Under Direct Expenditures, enter the amount of funds in the application budget per each category. Do not include anticipated indirect costs in this grid. Save the form before continuing.
- e. Under Expenditure Totals, enter the indirect costs rate (either the de minimis 15% or the applicant’s NICRA).
- f. Under DCJS funds, enter the total allowable amount of indirect costs (or less if needed to fit into the budget) under the appropriate funding category.
- g. Applicants using a NICRA must attach a copy of their current, signed, final or provisional agreement to this OGMS form.

### **Indirect Costs Reporting Requirements**

Subrecipients who request reimbursement for indirect costs will include their reimbursement requests on quarterly claims. The amounts requested must be based on the actual MTDC amount incurred each quarter. This amount will likely vary from quarter to quarter. The amount of indirect costs requested for reimbursement each quarter cannot simply be the total for the year divided by four. For assistance determining the appropriate amount of indirect costs that can be claimed, subrecipients may use the [MTDC Worksheet](#) each quarter.

#### **A. Financial Reports (called Claims and Detail of Expenditures in OGMS)**

Grant recipients must submit quarterly financial reports in (OGMS). All grant recipients are required to complete financial reports by the 15th of the month after the close of each quarter. If that date falls on a weekend or state recognized holiday, the reports are due on the next business day.
